Forecast for Sunday 07 May 2023

Weather: Rain in northeastern parts clears towards dawn with overcast skies clearing through the morning. Dry with sunny spells for most through the morning but scattered showers, some heavy, bubble up by midday before dying in the evening. Overcast skies and outbreaks of rain spread east from the evening, reaching western coasts later.

Chance of cloud-free hill tops above 800m: 70%

Low cloud and visibility: Patchy cloud 800-1000m with very good visibility falling moderate in afternoon showers. Extensive cloud 400-500m will spread to western coasts towards dusk.
